PROFESSIONAL SUMMARY

Fresher AI/ML Engineer with hands-on experience in machine learning, deep learning, model deployment, REST APIs, and full-stack development. Proficient in Python, TensorFlow, Scikit-learn, Docker, AWS, and CI/CD pipelines. Strong foundation in data structures, algorithms, and agile development practices. Seeking entry-level AI/ML Engineer, MLOps, or Backend Developer roles — open to internship and full-time.

TECHNICAL SKILLS

Languages: Python, Java, JavaScript, TypeScript, C++, SQL

AI/ML & Data Science: Machine Learning, Deep Learning, NLP, Computer Vision, TensorFlow, PyTorch, Scikit-learn, Keras, BART, OpenCV, Pandas, NumPy, Matplotlib

Cloud/DevOps: AWS (EC2, S3), Docker, GitHub Actions, CI/CD, Git

Backend: Spring Boot, Node.js, Express.js, REST APIs, MySQL, MongoDB, Redis, JDBC

Frontend: React.js, Vite, Tailwind CSS, HTML5, CSS3, TypeScript

WORK EXPERIENCE

MERN Stack Intern

2025

Sunbeam Infotech, Pune

- Developed and deployed 4 full-stack web applications using MERN stack; decreased page load time by 25% through code splitting and lazy loading.
- Structured complex NoSQL queries in MongoDB to extract and aggregate user behavior data, which improved data retrieval speeds by 40% and minimised server load.

PROJECTS

1. FinBehaviour — AI Cash Flow Analysis

Python, Scikit-learn, NLP, BART, Docker, AWS EC2

Built ML pipeline for gig workers using BART transformers; 87% accuracy, sub-1.5s latency, deployed via Docker and AWS EC2, serving 2k+ monthly users.

2. Jarvis-like AI Assistant

Python, DeepSeek R1, Voice Recognition, Automation APIs

Multilingual voice-controlled desktop assistant; automated 15+ daily tasks, integrated with 5 external APIs, eliminated 60% of manual trigger overhead.

3. Aesthetic Cafe Website

TypeScript, 3D CSS Effects, No DB

Immersive cafe landing page with 3D effects and optimised client-side TypeScript rendering.

4. Advanced Weather Application

JavaScript, Tailwind CSS, Redis, WeatherAPI

Real-time weather UI with geolocation and Redis caching; streamlined API calls by 70% and accelerated repeat query latency by 40%.

5. Gold Shop Management System

Java, JDBC, MySQL

Automated tiered billing and inventory for gold retail; eliminated manual billing errors by 80%.

6. Online EdTech Learning Platform

MongoDB, Express.js, React, Node.js

Full-stack MERN platform with role-based access, course management, and student dashboards.

7. Divine Temple — Scientific Heritage

HTML5, CSS3, JavaScript

Responsive cultural heritage website with multimedia integration and semantic markup.

EDUCATION

B.Tech in Artificial Intelligence & Machine Learning

Expected 2027

DKTE Society's Textile & Engineering Institute — Shivaji University, Kolhapur

SGPA: 8.5/10

HSC (Class XII) — Maharashtra State Board — 70% — 2023 SSC (Class X) — Maharashtra State Board — 94% — 2025

COLLEGE ACTIVITIES

1. Brand Executive

2025 — Present

LaunchEd Global — Remote

Coordinated 15+ digital campaigns; grew student engagement across 3+ institutions and accelerated campaign turnaround by 30%.

2. Campus Ambassador

2025

IIT Bombay Techfest — Asia's Largest Science & Technology Festival

Mobilised 100+ students for technical workshops; represented Techfest at institutional level.

3. Core Member — Entrepreneurship Cell

2024 — Present

DKTE Society's Textile & Engineering Institute

Organised 5+ startup events; mentored peers on ideation, product development, and investor pitching.

CERTIFICATIONS & ACHIEVEMENTS

1. **All India Rank 3** — Aperture 3.0 Open Source Hackathon (2026) | 63 repos, 23 stars
2. **Indian Book of Records** — Recognised for defeating international chess players (2019)
3. ISRO Machine Learning Crash Course — Top 200 in India (2024)
4. AWS Academy Machine Learning Foundations — Amazon Web Services (2025)
5. Google Machine Learning Crash Course — Google (2025)
6. Claude Code in Action — Anthropic (2026) | Credential ID: dmjunt3t2xac
